

Curriculum Statement for Modern Foreign Languages – Spanish

Mission statement Learning together hand in hand with our friend Jesus.

At St Mary and St Michael our Spanish curriculum was chosen to further engage our school community in our role as global citizens. Using language as tool in our understanding of cultures around the world, alongside developing an appreciation of the diversity within our local community and also our school environment. We aim to foster children's curiosity and deepen their understanding of the world, alongside providing opportunities for them to communicate for practical purposes and learn new ways of thinking. At St Mary and St Michael, Spanish is taught by a specialist teacher and the Rachel Hawkes Language Learning website is used. In line with the National Curriculum, this enables pupils to explore the cultural capital of another country through its language and traditions. Children move in sequence through each year stage and have the opportunity to recap and build on prior learning and skills in the areas of speaking, reading and listening. Lessons offer appropriate levels of challenge and to ensure pupils learn effectively, continuously build their knowledge of and enthusiasm for the language they are learning. We aim to foster children's curiosity and deepen their understanding of the world, alongside providing opportunities for them to communicate for practical purposes and learn new ways of thinking. At St Mary and St Michael, the teaching of language will allow pupils to develop an appreciation of songs and stories in Spanish throughout their time at the school. Children are encouraged and supported to develop their speaking and listening skills through practical activities: conversational work, singing activities and games to help improve memory and recall.
